

## DOCTOR'S DAY CELEBRATED

To salute the never-ending spirit of our healthcare providers, Little Bud's Kindergarten celebrated Doctor's Day on July 1st. On this special day, kids were given an opportunity to play the role of a doctor and spread awareness about the importance of doctors.

The atmosphere of a hospital is created in the school and the children brought a doctor set, along with a white coat to play their role. Each child who acted as a doctor, attended to an acting patient. They used their doctor set to check up the patients and asked about their sickness and prescribed medicine. They suggested the patients on the do's and don'ts. The program was very entertaining with the arrangement of the hospital model and child doctors. It was a memorable occasion remembering the invaluable contribution of the physicians towards serving mankind.

## KNOW YOUR GROWTH AND DEVELOPMENT

An awareness talk was organized for grade V students separately for boys and girls on July 16 on the topic 'Know your growth and development'. As the name suggests, the class is about Children's physical and mental growth. Due to the release of some hormones during the teenage period, physical, psychological and social changes will be noticed. Hence it is essential to guide teenagers on life skills. The first session was led by Ms Mehjabeen A C. Students were given a detailed class about 'good touch and bad touch' and how to respond against bad touches. She also added that they must share their feelings with their parents, so that parents can help with good advice.

The second session was led by Ms Sindhu T V. The session made the children aware of the biological and physical changes during puberty, followed by menstrual awareness. She also spoke about how to deal with anaemia during menstruation. The third session was carried out by Ms Rehmath on the topic 'Personal hygiene during menstruation'. She emphasized the need of changing superstitious beliefs of menstruation. School sanitation is also equally important to facilitate a good academic environment.

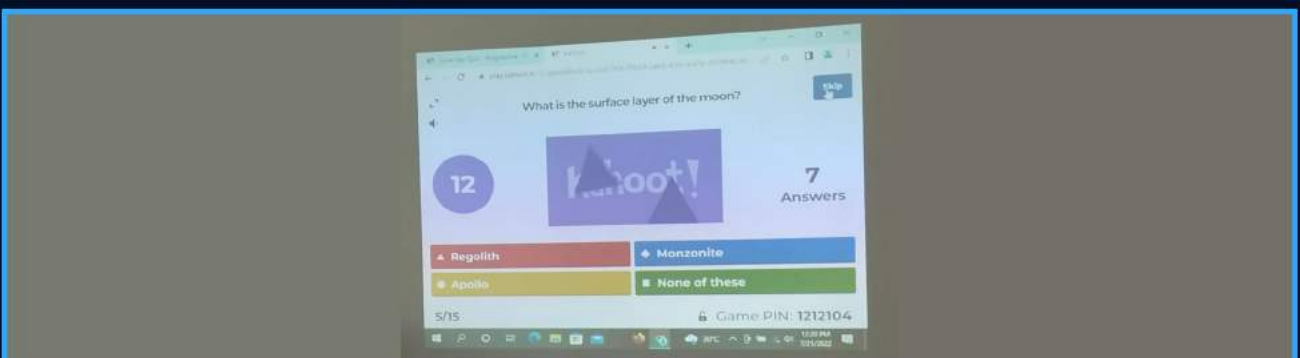

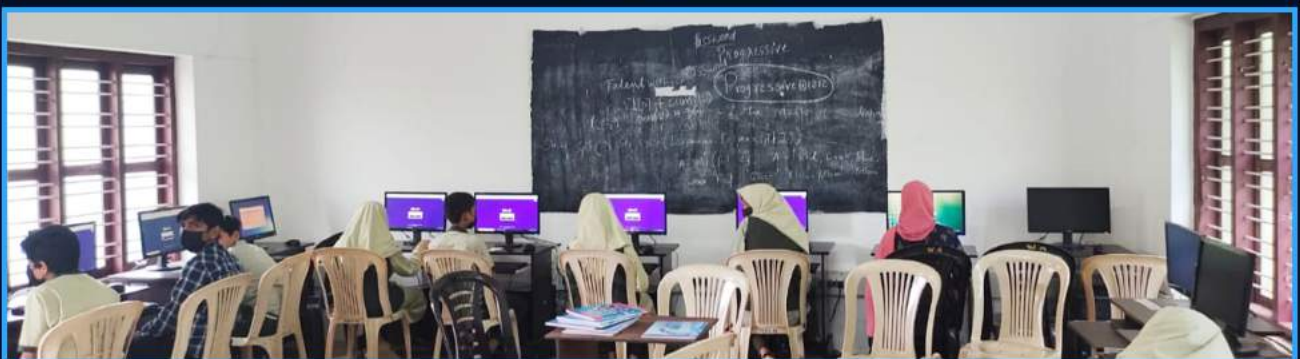

The awareness class for boys was led by Mr. Usman Padaladukha who shared inspirational stories and discussed about both 'good touch and bad touch'. The awareness classes were really helpful in moulding the children and developing communication skills, leadership qualities and emotional balance too.

## LUNAR DAY

## STUDENT COUNCIL ELECTIONS-2022-23

Student Council Elections were held at Progressive English School on 22 and 23 July 2022. The Council Election was a two-day process. The students filed their nomination for various posts on 4th July. The students first began campaigning for their respective posts on 15 July. They attended an interview and submitted the proposal too. The contestants made attractive posters to convince the students that they are the right choice for the position. The rules and regulations regarding the campaigning strategies were notified by the team of teachers. The final stage of the process was the casting of votes by the students. Ballot papers were made confidential. Booths were arranged and the election was held under the supervision of polling officers who were the teachers and selected students. The class leaders were also elected on the same day. The votes were counted by the teachers in the presence of the candidates.

After the toil of two days campaigning and casting of votes, the much awaited results of Progressive English School Student Council Elections -2022-23 were announced on 23 July 2022. The elections provided an opportunity to the students to witness and exercise their fundamental right to vote. The entire polling process was in all respects democratic and anonymous process. The students exercised their right to franchise by choosing the candidates of their choice.

## MASS VACCINATION DRIVE

In collaboration with Muttom PHC, Progressive English School arranged a Mass Vaccination Drive for COVID 19 (Corbevax) for the students in the age group of 12-14. Through the mass vaccination drive, our school was able to create an awareness in the minds of children. Countries with higher vaccination coverage had fewer covid-19 cases.
